Your Journey Behind the Falls visit will take 30 to 45 minutes Elevators descend 125 feet through bedrock to tunnels that lead and to the Cataract Portal and the Great Falls Portal which is one-third of the way behind the massive sheet of water. Then you walk on to the Upper and Lower Observation Decks at the very foot of the Falls. Posters of information are a great resource of information about the history and evolution of the hallways you walk through. Journey Behind the Falls is an iconic Niagara Falls experience, make sure you take a waterproof camera.

The next adventure is your ‘Up Close’ and personal view of the falls aboard ‘The Maid of The Mist’ tour. You will be supplied with water protective ponchos but you will get wet! After the tour we will return to the hotel should anyone wish to get changed.

This afternoon we travel along the scenic Niagara Parkway, towards Niagara-on-the-Lake, to visit “Niagara Parks' famous Floral Clock. The intricate designs on the face of the Floral Clock are created with thousands of carpet bedding plants and are changed twice each year. The planted face of the Floral Clock is maintained by Niagara Parks horticulture staff, while the mechanism inside is kept in working order by Ontario Power Generation. The tower at the back of the clock houses Westminster chimes that greet each quarter hour.
